Pets Vet Veterinary Clinic

June 3, 2019

To whom it may concern,

Crown Princess Han had radiographs done here for preliminary hips & elbows on May 24, 2019. This letter is to certify that the radiographs at this time show that the dog's hips & elbows are good; however they will need to be re-taken and submitted to OFA for final review and grading once the dog is 2 yrs of age.

Sincerely,

Dr. Robert Rizon

Dog: Crown Princess Han
Age: 12/29/2017
Color: Light Gold
Sex: Female Intact
Breed: Golden Retriever
AKC#: SS03937506
